Shiv Nadar University at Access 2013

Dr. Rupamanjari Ghosh, Director, School of Natural Sciences, represented SNU at Access 2013, the Annual Inter-School Computing Symposium organized by Modern School, Barakhamba Road. Mr. Kapil Sibal, Hon'ble Minister of Communications & Information Technology and Law and Justice was the Chief Guest of the event. Speaking at the occasion, Dr Ghosh said, “Multimedia is a powerful tool and it needs to be handled with utmost care. Technology has changed the role of the teacher today but it can’t replace the importance of the educator entirely. The training of students at school and college level should be such that they can handle complex problems and are future ready. A well informed career choice helps students make a living and follow their passion.”

Access 2013 was organized to mark the Silver Jubilee of Modern School’s Computer Club Bits ‘N’ Bytes. This four day event held from December 19 to December 22, 2013 saw the participation of over 2000 students from more than 80 schools including top 10 renowned schools from the India and abroad. Dr. Pawan Dhar, Professor, Life Sciences, SNU also addressed students of class 12 informing them about multidisciplinary education at SNU with the focus on humanities and sciences.
