Spanish ideas for smart city

Spanish experts exchanged ideas with members of the newly constituted Delhi Dialogue Commission on Tuesday for making Delhi a smart city.

The experts from Bilbao City in Spain shared their experienced with Ashish Khetan, vice chairperson of the commission, reports DHNS from New Delhi.

Commission member secretary Ashish Joshi earlier attended a workshop and discussed with representatives of the Basque government from Spain the need for local level initiatives, creation of public spaces and environment and pollution control.

Public transport issues and concerns for checking private vehicles’ numbers were also discussed at the meeting.

Bilbao City has taken a lead role in zoning, urban planning, environment and pollution, urban governance, public spaces and public aesthetics. The workshop ‘Urban Experiences: Bilbao and Delhi’ was organised by the Centre for Public Affairs and Critical Theory of Shiv Nadar University.
