The seminar of U.S. higher education administrators seeks to provide first-hand knowledge of the higher education sector in India. The delegation interacted with the Senior Leadership and Administrators of SNU. The program funded by the US Department of State and the Government of India aims to strengthen bilateral academic ties between the two countries. It also looks forward to enable the education administrators to make better informed decisions with regard to potential academic and institutional collaborations in India and take into account key issues of expansion, access and excellence.
