

Study Abroad Opportunities

Shiv Nadar University welcomes students and faculty worldwide to participate in knowledge creation with our unique research-intensive, multidisciplinary, student-centric program and be partners in learning, discovery, and innovation. Through our international program, the University aims to create a safe, diverse, and open environment for the expression, understanding, and acceptance of various kinds of individualities, intellectual discourses, and perspectives to promote the creation of knowledge beyond boundaries. Our continued shared experiences with our international students and partners have imparted the University with a global outlook making every individual involved an active global citizen.

Inbound International Students Mobility

- Students from partner and non-partner universities can spend a summer or semester at Shiv Nadar IoE.
- Students can opt for credits or immerse themselves in research in labs under faculty supervisors.

- For any queries or questions, drop an email to international.office@snu.edu.in

Outbound Students Mobility

- The Office of Research and Partnerships provides and communicates opportunities for student abroad experiences to its students.
- The opportunities range from a summer term to an entire semester, from research to internship and more.
- These opportunities are communicated through the Outbound Student Mobility (OSM) portal.
- To know more about the past and ongoing opportunities, log in to your portal by visiting snulinks.snu.edu.in.
- For any queries or questions, drop an email to international.office@snu.edu.in
