Department of Chemistry

Announcement of Integrated M.Sc.-Ph.D. Admissions: Monsoon 2022

The Department of Chemistry in the School of Natural Sciences at Shiv Nadar University (SNU) invites applications for admission in the Integrated M.Sc.-Ph.D. program starting **August 2022**.

Post-Graduate Courses

Chemistry PG courses are designed in such a fashion that allows the students to develop their knowledge further on both the fundamentals of chemistry viz. organic, inorganic, physical and analytical chemistry and simultaneously correlate the knowledge gained at the various probable interfaces. The knowledge acquired is further strengthened with the computational aspects, and related applications, wherever possible. A vast opportunity to choose a varied set of elective courses in the curriculum allow students to prepare for their future opportunities. Foundation courses in the first semester ensure that all students possess the requisite background to complete the course of study and benefit fully from the program. Well-equipped research labs offer good platform to the students to learn and improve the research skills, develop capabilities to write research proposals, research exposure via in-depth dissertation under the supervision of a research advisor, and enhance capability to present scientifically during the course structure. This includes literature seminars, presentation skills and more importantly a public thesis defense. The chemistry department offers a flexible and broad curriculum that prepares students in a step-wise manner not just for a career in chemistry and related fields upon graduation, but also assists in acquiring the leadership qualities.

The opportunities for research in chemistry at SNU are available in the following broad areas:

- Bio-inorganic Chemistry
- Catalysis
- Chemical Biology
- Chemical & Biological Crystallography
- Computational Quantum Chemistry
- Coordination Chemistry
- Electrochemistry
- Green Chemistry
- Materials Chemistry
- Medicinal Chemistry
- Metalloradical Chemistry
- Nanobiotechnology
- Physical Chemistry

- Polymer Chemistry
- Protein Chemistry
- Supramolecular Chemistry
- Synthetic Organic Chemistry
- Ultrafast Spectroscopy and Chemical Dynamics

Please visit <https://chemistry.snu.edu.in/people/faculty> to know more about the faculty members and their specific research interests.

Eligibility: A candidate should have a Bachelor's degree in Chemistry with a minimum of first division in both 10 & 10+2 levels and a minimum of 60% marks or an equivalent grade point in B.Sc. The students whose Bachelor's degree results are awaited can still apply, however, their final selection to the program will be subject to securing an overall 60% (or an equivalent grade) at the B.Sc. level.

Selection Process: Shortlisted candidates will be intimated for appearing in written test and interview. Candidates with DST-Inspire Scholarship for Higher Education (SHE), KVPY fellowships etc. will directly appear for the interview.

Fees and Financial Assistance: Detailed information about the fee structure and the nature of assistantships are available on the [website](#).

All students admitted into Integrated M.Sc.-Ph.D. program shall receive teaching assistantship of **₹12,000 per month** during the first year of the program. The students shall receive **research and teaching assistantship consisting of tuition-fee waiver (as per department) from second year onwards**. The student shall also receive a **monthly stipend of ₹40,000 for the 2nd and 3rd year, and ₹45,000 for the 4th to 6th year** subject to their benchmarked performance. The assistantship is subject to satisfactory performance in the program evaluated continuously and compliance with all University regulations. **Support will be available for deserving 2nd year students to disseminate their work through conferences and publications. Please note that students with INSPIRE or equivalent fellowships shall receive 100% tuition fee waiver.**

Program Information

All students shall be admitted into Integrated M.Sc.-Ph.D. program with six-year financial assistantship. The students shall complete the credit requirements of Master's degree in their first two years of the program along with advanced coursework.

Exit with M.Sc.

At the end of first year, students with less than 7 CGPA or students who do not wish to continue in the Integrated- Ph.D. program shall be switched to M.Sc. track with applicable regulations including fee and teaching assistantship (₹12,000 per month) structure. They shall receive M.Sc. (Research) degree after the completion of required credits.

At the end of the second year, students who have completed the credit requirements as prescribed by the department with minimum CGPA of 6.5 and successfully completed the comprehensive examination shall be directly registered into Integrated M.Sc.-Ph.D. program in Chemistry.

Students who do not qualify as per above requirement shall exit with M.Sc. (Research) degree.

Application Fees:

The candidates will be required to pay a non-refundable application fees of Rs. 1,200 (Rupees One thousand two hundred only) online. Candidate may note that the University reserves the right to accept or reject any application based on its departmental screening criteria. Hence, not all application may be shortlisted for written examination. Therefore, no requests for refund of the application fee shall be entertained whether or not the candidates are called for the written examination. If the written test and interview are held on campus, the University will provide a local transport, shared accommodation at the campus hostel, if required, and a food coupon on the day of written test/interview. Additionally, for the shortlisted candidates, a return train fare, equivalent to third-AC, will be reimbursed against their original tickets.

Application Instructions:

All interested applicants shall apply online from the link given below or on the website. Please follow the instructions carefully.

- Fill all the mandatory fields
- **Upload** of following document is required
 - Passport size color photograph
 - Current CV
 - All mark sheets/degree certificates (10th Standard onwards)
 - Standardized Examination certificate- DST-Inspire Scholarship for Higher Education, KVPY fellowship etc. if applicable.
 - A Statement of Purpose

Additionally, candidates are requested to provide at least one reference letter, which the referee may send directly to hod.chy@snu.edu.in. The subject heading of the email should clearly mention, “Recommendation letter for the Integrated M.Sc.-Ph.D. Programme in Chemistry: *Applicant’s name*”.

Please note that the application will not be considered without all the necessary prescribed documents and application fee.

Important Dates:

Online submission of application closes on Sunday, 19 June 2022.

The dates of written test (tentative end of June) and interview (tentative mid of July) will be notified in the due course.

The session starts from August 2022.

For any queries related to the application and admission, you may contact:

About Chemistry Department (<https://chemistry.snu.edu.in/>)

The Department is committed in pursuing research on fundamental and applied problems through scientific inquiry and to stimulate the development of innovative interdisciplinary research programs around key areas of excellence. The immediate mission of Chemistry Department is to:

- Contribute to the advancement and dissemination of chemical knowledge through educational programs, high quality publications in peer reviewed international journals and innovative patents.
- Devise robust and novel solutions to address the needs of society by promoting research into chemical and interdisciplinary projects.
- Train undergraduate, graduate students and research fellows to generate future independent scientists/administrators for serving the needs of society, academia and industries.

Our vision is to make our world a better place through societal-impact cutting-edge research and innovation at Shiv Nadar University.

Research Infrastructure

All chemistry labs are equipped with fume-hoods, Schlenk lines, eyewash stations and safety showers. Lab facilities include advanced analytical instruments such as Flash Chromatography, Gas Chromatography with MS, Gel Permeation Chromatography, HPLC (Prep & Analytical), FPLC, NMR, LCMS-qToF, MALDI-ToF, DSC, TGA, Single-crystal X-ray Diffractometer, Electrochemical Analyzer, Fluorimeter, TCSPC, Polarimeter, UV-visible, High-resolution FTIR, Raman Spectrometers, Microwave Reactor, Inverted Microscope, Fluorescent Microscope, Host-stage Polarized Microscope, Ferroelectric-Piezoelectric- Pyroelectric test system, Bio-safety Cabinets, CO₂ Incubators, Shaker Incubators, Glove box, Multimode Plate Reader, Electroporator, Deep freezer, Cell Counter Computational facilities include a high performance IBM cluster ('Magus') consisting of 32 compute nodes (plus 2 nodes with GPU processors) with a total capacity of 30 TF of theoretical peak performance, plus 8 nodes with high-end CPUs. Additionally, several Linux workstations are used for teaching as well as research purpose. Software for bioinformatics and cheminformatics, molecular modeling, molecular dynamics, quantum chemistry, data analysis and statistical learning are also available.

Our library, housed in a modern 5-storey building, provides online access from anywhere in the campus to a large number of electronic journals and databases including APS, AIP, ACS, RSC, AMS, SIAM, Springer, Elsevier, Wiley and Nature journals, in addition to various books, e-books and other learning resources.

About Shiv Nadar University

Shiv Nadar University (SNU) is a comprehensive, multidisciplinary, research-focused and student-centric institution that is bringing a paradigm shift in higher education in India through

its innovative curriculum, interdisciplinary focus, and cross-disciplinary thinking across a wide range of disciplines. The University is building an eco-system of knowledge to promote recognition of the inter-connectedness of ideas, systems, and environments in the world inside the campus, and those outside it. The University has 5 Schools, 18 Departments and 6 Research Centers engaged in teaching, practice, and research in disciplines as diverse as Engineering, Humanities & Social Sciences, Management, Natural Sciences, Art, Design, Performing Arts, Communication, and Extended Education & Professional Development. The Schools offer Bachelor, Master's, and Doctoral degrees along with multidisciplinary curriculum to enable students to explore subjects and disciplines that may be widely different from their chosen Majors.

- The University has recently been chosen as one of the select ten private “**Institutions of Eminence (IOE)**” by the Government of India.
- In the **NIRF** (Government's National Institutional Ranking Framework), SNU has been the youngest institution in the 'top 100' *Overall* list, and the score has been rising steadily. SNU ranked 52 in the *University* category, and 77 *Overall* in NIRF 2019.
- The University has been accredited with ‘**A**’ **Grade** by the National Assessment and Accreditation Council (**NAAC**), valid for a period of 5 years from 26 November 2019.
- SNU is also among a select group of green-field institutions in the country, which were awarded the prestigious **Atal Incubation Center** grant by the Niti Aayog, Government of India, in the very first round in 2017.
